

Who We Are

About the Clinic

Located on the campus of Luminis Health Anne Arundel Medical Center, the clinic will serve those in need of short-term urgent care to manage a mental health or substance use disorder. Interdisciplinary staff includes Peer Support Specialists, Mental Health Clinicians, Registered Nurses and Nurse Practitioners. The Urgent Care Clinic provides interventions for psychiatric conditions as well as coordination of care for any medical conditions with which a patient may be suffering. The clinic will coordinate support services and create a person centered aftercare plan in order to strengthen the path to recovery and wellness.

Goal

Serving those in need of short-term urgent care to manage a mental health or substance use disorder

The Clinic is located on the 4th floor of the Sajak Pavilion and can be directly accessed from the parking garage

Behavioral Health Urgent Care Clinic

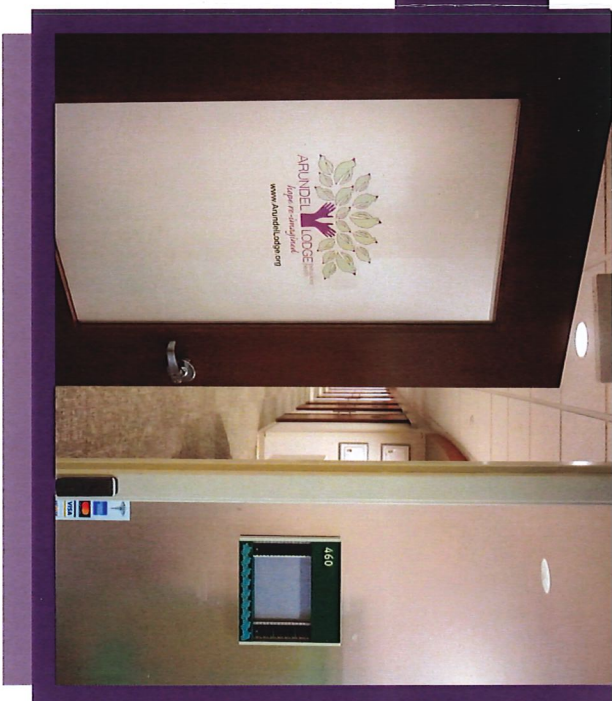

ArundelLodge.org

When to Visit the ER or Call 911:

- Experiencing extreme agitation and resistant to treatment of mental health symptoms
- First time experiencing severe psychiatric symptoms such as cognitive decline, memory loss, lack of concentration, extreme lack of energy or severe depressive thoughts (may be related to a medical issue)
- Imminent risk to self or others as the result of mental health symptoms
- Self-harm has occurred and requires medical treatment to stabilize
- Thought disturbance resulting in risky thoughts and/or behaviors combined with an inability to keep safe

Luminis Health Anne Arundel Medical Center Emergency Room

Hospital Pavilion South
2001 Medical Parkway
Annapolis, Maryland 21401

When to Visit the Arundel Lodge Behavioral Health Urgent Care Center:

- Moderate to severe psychiatric symptoms that need to be assessed and addressed
- Symptoms are likely to worsen if prompt initiation of treatment, including medications, is delayed
- The patient is safe and able to wait 2-3 hours for treatment to begin
- Daily activities are a struggle and pleasurable activities and hobbies seem to have vanished
- The individual is suffering from a Substance Use Disorder (SUD) and is interested in initiating treatment
- The individual is suffering from an Opiate Use Disorder (OUD) and is interested in medication to treat the disorder (if symptoms allow, initiation of Suboxone treatment can be completed at the initial visit)
- The patient would benefit from engagement in person-centered treatment planning

When to Visit the Arundel Lodge Behavioral Health Center

- Psychiatric symptoms that are mild to moderate
- Daily activities are manageable
- Waiting for a scheduled appointment seems reasonable
- Waiting to initiate medications, if applicable, seems reasonable
